

MOONBEAM OUTDOOR RUG

By A-cero

The WING collection by A-cero for VONDOM, was born by weaving together straight and curved lines in a dynamic way. These extremes curves and angles, which are a typical trait in architectures latest advances have now reached out to furniture design, going for a free, delicate and organic line, that generates movement and separates itself from of any former trace of over-rigidity. These are bold pieces that make up a set of furniture with a huge visual impact and a impressive sculptural and dynamic significance.
