

# BONES PLANTER 132x114x120

By Ludovica + Roberto Palomba

Bones is elegant by its slimness but at the same time strong by its conception. Its generous volume is alleviated for a subtle edge that makes it light. By the level of engineering Bones is fantastic, an invisible internal structure provides the necessary strength transmitting the weight from the base of the container to the base of the flowerpot for achieve to support the weight of any plant or tree. Bones is manufactured in resin of PE by means of the rotational molding technique and is available with multiples finished made in VONDOM.
